# RICHMOND WILL HAVE NEW CHIEF

Police Board Decides to Retire Captain Hulce Next

### KERSE AND EPPS MENTIONED

Hulce Will be Made Captain Again-Much Speculation as to Outcome.

Captain E. P. Hulce may not hold the position of acting chief of police until July 1st, the term for which he was recently designated, for at the next meeting of the Board, a permanent chief will be elected.

This was determined at the meeting held last Monday night, when a resolution having this purpose in view was adopted by a vote of 6 to 1. One of the commis sioners, Mr. Reed, of Clay Ward, was absent, and after much discussion, the resolution was adopted by the following

Ayes-Messrs. Walsh, Manning, D. F. McCarthy, Myers, Whittet and Duke-6. Noes-Mr. Landerkin-1.

The resolution means that Acting Chief Hulce is to be placed in a lower rank, probably that of captain, and some other man made permament chief.

Want An Outsider.

Members of the Board have for months been carneslly seeking the services of some man outside the force, for chief, but have not been able to get one they desired who would serve for the salary, which is only \$2,000 per year.

It is known that the place was some time practically tendered Colonel Geo. Wayne Anderson, Captain B. Lorraine, and a young man who had recently graduated from the V. M. I., but they all declined to entertain the proposition.

Captain Hulce has been acting chief for nearly a year. He has been twice designated by the Board to act on probation for periods of six months, the last designation having been made in December, 1904, to serve until July 1st, 1905.

The Board, however, has full authority at any time to remove or lower the rank of any officer in the department, when it shall be deemed best for the service.

There will be no called meeting for the election of the chief, though there has been some talk of such a course. The matter will be disposed of at the next regular session, which will take place on April 3d.

Finance Committee Decides Sewer er Tax Must be Paid in Full.

The old question of the sewer tax against Richmond College was before the Finance Committee last night, upon a petition from the college for a comprosimise settlement, but after much discussion the committee decided to recommend the petition to the Council with the indorsement that it be rejected.

The tax has been accumulating for a number of years, and amounts to something like \$5.000, though this is subject to a credit of about \$3.000, which the auditor has hold back in interest on city bonds head by the college. Mr. A. W. Patterson represented the college and presented the college. Mr. A. W. Patterson represented the college and presented a petition from the Board of Trustees asking to be allowed to commute the tax at 31 per foot.

Judge D. C. Richardson appeared for the city, for the reason that City Attorney Pollard is and was prior to his election general attorney for the college.

The interest on the bonds, if the auditor continues to hold it back will pay the entire amount in a few more years.

The State Board of Education has made public its finding in the matter of the charges and counter-charges filled by Superintendent Jucas and Principal J. V. Illi, of the Radford public schools, against each other. The charges grew out of long continued friction hetween the two, and culminated in a personal encounter months ago, in which the principal knocked the superintendent down.
The finding of the board, after considering the evidence gathered by Superintendent Southall, was a vindication of the principal. The superintendent was not removed, but it is expected that the town and country will be made one school district, thus abolishing the office of city superintendent of Radford.
